

February 2nd Groundhog Parody - by Jack H **originally Midnight Special CCR**

(Slow with arpeggio chords)

[D] Well you wake up in the [G] morning and you put the TV [D] on,
You see all the commotion [A7] and it's barely [D] dawn.
All the cameras and [G] reporters surrounding his [D] home,
Why can't they just [A7] leave poor Phil [D] alone.

Let that little [G] groundhog get his needed [D] rest,
Please don't make him [A7] join in your crazy [D] fest,
He needs months of [G] sleep leave him [D] alone,
Why don't you [A7] leave now, vacate his [D] home.

[D] Yonder come Mr. [G] Top Hat, how in the world did you [D] know?
It's February [A7] 2nd, with spot lights [D] aglow.
You're settled in your [G] burrow, relaxed and sound [D] asleep;
Then the man reaches [A7] in there, and grabs you by your [D] feet

Let that little [G] groundhog get his needed [D] rest,
Please don't make him [A7] join in your crazy [D] fest,
He needs months of [G] sleep leave him [D] alone,
Why don't you [A7] leave now, vacate his [D] home.

[D] If Phil sees his [G] shadow, it'll be six more [D] weeks;
Winter will [A7] linger, it's not for the [D] meek
But if he [G] doesn't spring's right around the [D] corner.
We will be so [A7] happy and so much [D] warmer.

Let that little [G] groundhog get his needed [D] rest,
Please don't make him [A7] join in your crazy [D] fest,
He needs months of [G] sleep leave him [D] alone,
Why don't you [A7] leave now, vacate his [D] home.

Why don't you [A7] leave now, vacatehis[D]
(tremolo)... home.
