

# White Rabbit Groundhog Parody by Susan

*for Uke it may be easier to use [E7] instead of [E]*

[E] [F] x 2

[E] One hog sees his shadow  
[F] and one hog sees the sun  
and the [E] one that eats your garden is  
[F] always on the run,

Go ask [G] Punxsy [Bb] if [C] winter is [G] done

[E] And if you don't believe that Groundhogs  
can [F] get you through the cold  
you can [E] get a ukulele, and  
[F] I think that you'll be sold

With your [G] three chords [Bb]  
You'll [C] rock sixties [G] gold

[D] When kazooists start a-buzzing  
you'll [G] forget all about the snow  
and you [D] just sang some horrid top forty  
that [G] really kind of blows,  
go ask [E] Punxsy, I think he'll [E] know

[E] When the music wakes the [E] groundhogs  
And they [F] look up at the sky  
And [E7] someone breaks out a banjolele  
And [F] it makes you want to cry

[G] Remember [Bb] what [C] the groundhog [G] said  
[G] [D] Hide your [G] head!  
[G] [D] Hide your [G] head!  
[G] (Single Strum)
